

Service News 2023/ No. 3

Adjustment of spare parts and aftermarket prices

The generally troubled situation in our surrounding world has driven cost increases for components, products, shipping and more. In addition to this, a high inflation.

We have now made the necessary price adjustments effective from 1st of March 2023. The new prices have been introduced in our Webshop and our business system.

During the year, we will follow the development and continuously, at frequent intervals, make the necessary price adjustments. Of course, with continued focus and striving to be able to offer you good products at favourable prices.

If You have any questions or want to give us feedback, please mail us at support@wedholms.se

Best regards,

Wedholms AB
